Tree Lighting Ceremonies Mark Christmas Season

The Christmas tree lighting ceremony marks the unofficial beginning of the holiday season. This year's tree lighting ceremonies will be held on all area installations. The ceremonies will include holiday receptions with cake, hot chocolate and other refreshments and Christmas caroling. Santa will be on hand to give out treats. Come enjoy the festivities and get in the Christmas spirit Dec. 3 at 5 p.m. on Patch Barracks at Washington Square; Dec. 4 at 5 p.m. on Kelley Barracks at the flag pole adjacent to the shoppette; Dec. 5 at 5 p.m. on Robinson Barracks at Friendship Grove next to the Community Club; and Dec. 6 at 5 p.m. at the Panzer Chapel.

Make Your Holiday A Safe One

The 6th Area Support Group Commander, Col. Larry Stubblefield, has issued a memorandum encouraging everyone to make safety the number one priority for this holiday season. He said in part, "This period should be a joyous time for all, however, the holiday season is also associated with increased accident risk and it is important to be aware of the extra hazards the holiday season brings. The prevention of traffic accidents and fires in homes and barracks is our biggest challenge." He noted special emphasis must be given to drinking and driving, excessive speed and loss of control. Safety in the home should also be taken very seriously, including proper placement and decorations of Christmas trees, safe electrical equipment and cords, as well as safeguarding matches, lighters and candles. Stubblefield concluded his memorandum with the following: "Holiday safety cannot be overemphasized. Be alert and aware. I wish you all a safe and happy holiday season."

Force Protection Tips For Drivers

Before leaving buildings, check the surrounding area for anything suspicious. Be alert when driving. Do not allow your vehicle to be boxed in. Know how to react if you are being followed. Do not stop or take other actions, which could lead to confrontation. Recognize events that can signal the start of an attack, such as a fake police or government checkpoint or sudden activity or gunfire. Know what to do if under attack while in a vehicle. Try to draw attention to your car by sounding the horn, and put another vehicle in

between you and your pursuer. Go to the nearest safe haven, and report all incidents to the military police.

Split Disbursement For Travel Cards

Finance Battalions in U.S. Army Europe have implemented a new travel system in which payment can be made directly to the Bank of America Government Travel Card. Travelers should use the March 2001 DD Form 1351-2 when filing settlements. Mark the box next to split disbursement and put a specified money amount to be paid to the government travel card. When the travel voucher is paid, the amount elected will automatically be paid to the travel card and the remaining will be paid via an electronic funds transfer to the elected bank account. By exercising this split disbursement option and encouraging travelers to utilize it, commanders and leaders can directly impact the inflated delinquency rate for the government travel card in USAREUR. For info call the 208th Finance Travel section at 430-8299/civ. 0711-680-8299.

Ceremony Affects Parking, Gym Hours

Two hundred parking spaces on Patch Barracks will be temporarily unavailable Nov. 30 to Dec. 2 as a result of the Deputy Commander EUCOM Change of the Watch ceremony. The areas affected are the parking lot in front and north of the fitness center, the parking lot on the west side of Husky Field, the parking lot in front of, behind and across the street from the Swabian Special Events Center and on California Straße across from buildings 2370 and 2371. The Provost Marshal's Office recommends that those living and working on Patch walk to work, and those living on other installations and commuting to Patch use the bus service or car pool during this time. The Change of the Watch ceremony is a closed, invitation-only event.

In conjunction with the DCOM ceremony, the Patch Fitness Center basketball court will be closed Nov. 30 to Dec. 2, and the entire Fitness Center will be closed Dec. 2.

GPC Purchases Require Pre-Approval

Formerly known as IMPAC cards, the Government Purchase Cards come with restrictions that users must be aware of. Cardholders should obtain pre-purchase approval from appropriate authorities if there is any question. Items that require pre-purchase approval are: printing, hazardous materials, advertising, video information equipment and material, food, ergonomic related and low-vision equipment, personal items, bottled water services, motor vehicle long-term rental or lease, trophies, awards, plaques and mementos as give away items for hails and farewells and other occasions and business cards.

Report Suspected Espionage Incidents

Community members can help prevent subversion and espionage by guarding against the collection efforts of foreign intelligence services. Watch for those who attempt to gain information through threats, coercion, bribery or trickery. Report incidents by calling the Stuttgart Military Intelligence Office, 421-2206/civ. 0711-729-2206.

Medical Emergency Information

The Stuttgart military community has several emergency numbers. The German Red Cross (DRK) provides ambulance service to the Stuttgart military community; the Stuttgart Health Clinic has no ambulances. The DRK should only be used for genuine emergencies to prevent loss of life, limb or vision or to limit undue suffering.

If a true emergency exists on- or off-post, call the military police at 114/civ. 0711-680-114. This number is answered by the on-duty MP desk sergeant who will relay your request for ambulance service to the DRK.

You will be asked several questions by the desk sergeant. Be prepared to provide the patient's name, age, sex, nature of emergency, your telephone number and location, including installation, street, building, apartment and room number. Remain calm and stay on the line until

you have answered all questions and hang up only after the sergeant does so.

Do not call or report to the Stuttgart Health Clinic for emergencies. They are not staffed or equipped to handle these situations. True emergencies, which may require ambulance service, include heart attack, poisoning, severe bleeding, unconsciousness, difficulty in breathing or severe injury to the head or torso.

December is 3-D Prevention Month

December is National Drunk and Drugged Driving (3-D) Prevention Month. Impaired driving will affect one in three Americans during their lifetime. Nearly 42,000 people die in motor vehicle accidents each year in America, and nearly 16,000 of these are alcohol-related. Statistics show that impaired driving is at its peak during December and that young, adult male drivers are involved in the highest number of impaired driving crashes. By taking an active role in combating impaired driving, and initiating the designated driver philosophy in the workplace, supervisors can help save lives. By keeping friends from driving after they have been drinking, community members can help keep roads safer. Christmas Tree Safety Tips

Every year, Christmas tree fires cause injuries and millions of dollars in damage. When decorating Christmas trees, always use safe tree lights listed by a testing laboratory; never use electric lights on a metal tree; any string of lights with worn, frayed or broken cords or loose bulb connections should not be used; always unplug Christmas tree lights before leaving home or going to sleep; do not purchase a tree that is dry and water live trees regularly; make sure artificial trees are labeled as fire-retardant; make sure the tree is at least three feet away from any heat source and try to position it near an outlet so that cords are not running long distances; safely dispose of the tree when it begins dropping needles. Dried-out trees are highly flammable and should not be left in a house or garage.
